PROFILE

First-Class Honours Computing Systems graduate (2026) with user-support experience in education and healthcare and practical software/cloud projects. Skilled in Python, Java, C++, SQL, JavaScript/TypeScript and Azure. Personal trading experience has introduced me to financial markets; keen to combine finance and technology through application development, technical analysis and production support at BNP Paribas.

EDUCATION

BSc (Hons) Computing Systems — First-Class Honours | Ulster University London | 2026

TECHNICAL SKILLS

Programming: Python, Java, C++, JavaScript/TypeScript, SQL, HTML; Angular, Django, Flask, Node.js/Express

Tools & cloud: Git/GitHub, Jira, VS Code, Azure Functions, Azure Blob Storage, Cosmos DB, Application Insights, GitHub Actions

Systems & troubleshooting: Windows 10/11, Microsoft 365, user support, PCs and printers, TCP/IP, DNS/DHCP, Wi-Fi, Linux

SELECTED TECHNICAL PROJECTS

AetherLens — Azure cloud application

- Built an Azure Functions, Blob Storage and Cosmos DB photo app, integrating application logic and cloud storage.

TinyML Predictive Maintenance — embedded machine learning prototype

- Prototyped predictive maintenance using an accelerometer, DC motor and microcontroller inference.

RELEVANT TECHNOLOGY EXPERIENCE

Help Desk Assistant | Sakya Education Institute | Sri Lanka | Dec 2022–Nov 2023

- Resolved routine PC, printer, software and login issues; escalated complex access and equipment incidents.
- Assisted with payment-related enquiries and administrative records alongside help-desk work, developing attention to data accuracy and business processes.

IT Department Intern | Nawaloka Hospital (pvt) | Sri Lanka | Mar 2022–Dec 2022

- Supported hospital software, Windows PCs, printers, user accounts and Wi-Fi; escalated unresolved incidents.
- Worked with business-critical healthcare systems and technical issues requiring care with information and dependable user support.

ADDITIONAL WORK EXPERIENCE

Barista | Lexington Catering (at BNP Paribas, London) | Sep 2026–Present

- Provide catering services at a BNP Paribas London workplace through Lexington Catering, responding to customer needs accurately and supporting efficient office hospitality.

Café Assistant | Kahfi Specialty Coffee | London | Jan 2024–Present

- Support customers, point-of-sale/cash handling, stock checks and daily service operations.

Seasonal Associate | TK Maxx & Homesense | London | Oct–Dec 2024

- Supported tills, deliveries, stock processing and customer enquiries across retail departments.
